- We'll kick off our mentorship journey with *The 15 Invaluable Laws of Growth* by John Maxwell—a foundational guide to intentional personal development. In this inspiring read, Maxwell reminds us that growth doesn't just happen—it's something we pursue on purpose. Together, we'll explore key principles like the Law of Intentionality, the Law of the Mirror, and the Law of Contribution to help us grow from the inside out.
- Along the way, we'll dive into DISC personality styles to better understand ourselves and how we connect with others.
- We will learn how to set meaningful, achievable goals. And
- We'll create personalized vision boards that help bring our dreams into focus. It's just the beginning—but it's a powerful start.

This is more than a mentorship—it's a transformational experience where women grow with purpose, learn to lead and live with clarity, and support one another in becoming the best version of themselves.
